Safeguarding Adults Policy

INTRODUCTION

SSGC is committed to creating and maintaining a safe and positive environment for all individuals involved in golf.

Although there are many similarities with safeguarding adults and children there are also some distinct differences. For this reason, England Golf has created a separate Safeguarding Adults Policy.

Safeguarding duties apply to an adult who:

- Has needs for care and support (whether or not the local authority is meeting any of those needs) and;
- Is experiencing, or is at risk of, abuse or neglect; and;
- As a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of, abuse or neglect.

England Golf will encourage and support partner organisations, clubs and counties to adopt and demonstrate their commitment to the principles and best practice set out in this safeguarding adults policy and procedures.

PRINCIPLES IN RELATION TO ADULTS AT RISK

The Care and Support Statutory Guidance (updated 24th February 2017) Section 14.13 sets out the following six key principles which underpin all adult safeguarding work:

- Empowerment: People being supported and encouraged to make their own decisions and informed consent.
- Prevention: It is better to take action before harm occurs.

- Proportionality: The least intrusive response appropriate to the risk presented.
- Protection: Support and representation for those in greatest need.
- Partnership: Local solutions through services working with their communities. Communities have a part to play in preventing, detecting and reporting neglect and abuse.
- Accountability: Accountability and transparency in delivering safeguarding.

Making safeguarding personal is the concept that adult safeguarding should be person led and outcome focused. It engages the person in a conversation about how best to respond to their safeguarding situation in a way that enhances involvement, choice and control. As well as improving quality of life, well-being and safety. Wherever possible discuss safeguarding concerns with the adult to get their view of what they would like to happen and keep them involved in the safeguarding process, seeking their consent to share information outside of the organisation where necessary. The principles of the Mental Capacity Act 2005 (MCA) state that every individual has the right to make their own decisions and provides the framework for this to happen.

In addition SSGC recognises the following principles which underpin our work with all groups and individuals who may have additional needs for support and protection:

- It is every adult's right to be protected from abuse irrespective of their age, gender identity, faith or religion, culture, ethnicity, sexual orientation, background, economic position, marital status, disability or level of ability.
- All staff and volunteers share the responsibility for the protection of adults at risk and will show respect and understanding for their rights, safety and welfare.
- The additional vulnerability of disabled adults (including those with invisible disabilities, learning and communication differences) is recognised.
- Allegations of abuse or concerns about the welfare of any adult will be treated seriously and will be responded to swiftly and appropriately.
- SSGC recognises the role and responsibilities of the statutory agencies in safeguarding adults and is committed to complying with the procedures of the Local Safeguarding Adults Boards.
- Confidentiality will be maintained appropriately at all times and the adult's safety and welfare must be the overriding consideration when making decisions on whether or not to share information about them.
- SSGC will support all adults to understand their roles and responsibilities with regards to safeguarding and protecting adults at risk, including the responsibility to report all concerns in line with SSGC safeguarding adults policy and procedures.
- All participants involved in golfing activities have the right to be listened to with respect and to be heard.

GUIDANCE AND LEGISLATION

The practices and procedures within this policy are based on the principles contained within the UK and legislation and Government Guidance and have been developed to complement the Safeguarding Adults Boards policy and procedures, and take the

following into consideration:

- The Care Act 2014
- The Protection of Freedoms Act 2012
- Domestic Violence, Crime and Victims (Amendment) Act 2012
- The Equality Act 2010
- The Safeguarding Vulnerable Groups Act 2006
- Mental Capacity Act 2005
- Sexual Offences Act 2003
- The Human Rights Act 1998
- The Data Protection Act 1994 and 1998

RESPONSIBILITIES AND IMPLEMENTATION

SSGC will seek to promote the principles of safeguarding by:

- Reviewing England Golf policy and procedures every three years or whenever there is a major change in legislation.
- Giving guidance on appropriate recruitment procedures to assess the suitability of volunteers and staff working with vulnerable groups.
- Following procedures to report welfare concerns and allegations about the behaviour of adults and ensure that all staff, volunteers, parents and participants, including children, are aware of these procedures.
- Directing club staff, volunteers & coaches to appropriate safeguarding training and learning opportunities, where this is appropriate to their role.

England Golf seeks to help affiliated organisations and individual members understand their responsibilities through the provision of clear guidance and support.

1. COMPLAINTS, CONCERNS AND ALLEGATIONS

1.1 As a player, parent, carer, member of staff or volunteer you may be concerned about the welfare of an adult, become aware that abuse or poor practice is taking place, suspect abuse or poor practice may be occurring or be told about something that may be abuse or poor practice. These concerns should be brought to the attention of the SSGC Welfare Officer without delay. The person reporting the concern is not required to decide whether abuse has occurred, but simply has a duty to pass on their concerns and any relevant information tel: 0191 456 8942

1.2 All concerns will be treated in confidence. Details should only be shared on a 'need to know' basis with those who can help with the management of the concern.

1.3 Concerns will be recorded on an Incident Report Form and sent to England Golf Lead Safeguarding Officer and retained confidentially.

1.4 SSGC will work with county and other external agencies to take appropriate action where concerns relate to potential abuse or serious poor practice. England Golf disciplinary procedures will be applied and followed where possible.

1.5 Safeguarding adults at risk requires everyone to be committed to the highest possible standards of openness, integrity and accountability. SSGC supports an environment where staff, volunteers, parents/carers and the public are encouraged to raise safeguarding concerns. Anyone who reports a legitimate concern to the

organisation (even if their concerns subsequently appear to be unfounded) will be supported. All concerns will be taken seriously.

1.6 It is important when considering your concern that you also consider the needs and wishes of the person at risk.

2. RESPONDING TO DISCLOSURE OF ABUSE

2.1 If an adult indicates that they are being abused the person receiving the information should:

- Stay Calm
- Listen carefully to what is said, allowing the adult to continue at their own pace, and take it seriously.
- Explain that it is likely the information will have to be shared with others- do not promise to keep secrets.
- Keep questions to a minimum, only ask questions if you need to identify/ clarify what the person is telling you. Take care to distinguish between fact, observation, allegation and opinion. It is important that the information you have is accurate.
- Reassure the person that they have done the right thing in revealing the information.
- Ask them what they would like to happen next.
- Explain what you would like to do next and ask if they are happy for you to share the information in order for you to help them. As long as it does not increase the risk to the individual, you should explain to them that it is your duty to share your concern with your Lead Safeguarding Officer.
- Record in writing what was said using the adult's own words as soon as possible

2.2 DO NOT:

- Dismiss the concern.
- Panic or allow shock or distaste to show.
- Probe for more information than is offered.
- Make promises that cannot be kept.
- Investigate of the case.
- Make negative comments about the alleged perpetrator.

2.3 If the matter is urgent and relates to the immediate safety of an adult at risk then contact the police immediately. Complete and Incident Form and copy it to the SSGC Safeguarding Officer within 24 hours.

3. SIGNS AND INDICATORS OF ABUSE AND NEGLECT

3.1 Abuse can take place in any context. Abuse may be inflicted by anyone. Players, members, staff, volunteers or coaches may suspect that an adult is being abused or neglected outside of the club setting. There are many signs and indicators that may suggest someone is being abused or neglected, these include but are not limited to:

- Unexplained bruises or injuries – or lack of medical attention when an injury is present.
- Person has belongings or money going missing.
- Person is not attending / no longer enjoying their sessions.
- Someone losing or gaining weight / an unkempt appearance. A change in the behaviour or confidence of a person.
- Self-harm.
- A fear of a particular group or individual.

- They may tell you / another person they are being abused – i.e. a disclosure.

4. CONSENT

4.1 The Care Act 2014 statutory guidance advises that the first priority in safeguarding should always be to ensure the safety and well-being of the adult.

4.2 Adults have a general right to independence, choice and self-determination including control over information about themselves.

4.3 SSGC does not expect staff, coaches or volunteers to support an adult who is felt to be vulnerable or at risk through their decision making process but expects them to inform SSGC without delay so that they can clearly define the various options to help support the adult at risk to make a decision about their safety. As long as it does not increase the risk to the individual, it should be explained to them that it is their duty to share their concern with the safeguarding lead. Consent is not required to seek guidance or share information within the organisation.

4.4 Adults may not give their consent to the sharing of safeguarding information outside of the organisation for a number of reasons. For example, they may be unduly influenced, coerced or intimidated by another person, they may be frightened of reprisals, they may fear losing control, they may not trust social services or other partners or they may fear that their relationship with the abuser will be damaged. Reassurance and appropriate support may help to change their view on whether it is best to share information.

4.5 Those seeking to support the adult should consider the following:

- Explore the reasons for the adult's objections – what are they worried about?
- Explain the concern and why you think it is important to share the information
- Tell the adult with whom you may be sharing the information with and why
- Explain the benefits, to them or others, of sharing information – could they access better help and support?
- Discuss the consequences of not sharing the information – could someone come to harm?
- Reassure them that the information will not be shared with anyone who does not need to know
- Reassure them that they are not alone and that support is available to them.

4.6 If the adult continues to refuse intervention to support them with a safeguarding concern, or requests that information about them is not shared with other safeguarding partners their wishes should be respected.

4.7 However, there are a number of circumstances where those seeking to support the adult can reasonably override such a decision, including but not limited to:

- It appears that the adult lacks the mental capacity to make that decision (this must be properly explored and further guidance should be sought from the England Golf Lead Safeguarding Officer)
- Emergency or life-threatening situations may warrant the sharing of relevant information with the emergency services without consent
- Other people are, or may be, at risk, including children
- A serious crime has been committed / may be prevented
- Individuals in a Position of Trust are implicated

4.7.1 In such circumstances, it is important to keep a careful record of the decision making process and guidance should be sought from the SSGC Safeguarding Officer. Legal advice will be sought where appropriate. If the decision is to take

action without the adult's consent, then unless it is unsafe to do so, the adult should be informed that this is being done and of the reasons why.
